

Birth-Right

An aerial photograph of Central Park in New York City, featuring the Reflecting Sun sculpture in the center. The sculpture is a large, oval, metallic object that reflects the surrounding city skyline and the sky. It is surrounded by a paved walkway where many people are walking. To the right of the sculpture is a body of water, and to the left is a large, open grassy area. The background shows more of the park's landscape, including trees and other structures.

A Treatise of “Forever Bliss”
